B.Voc. in Hospital Administration

COHORT BATCH 2026-2027

**Where
Education
Meets
Employability**

Preparing **global professionals** through industry-integrated education

INDIA IS CHANGING. EDUCATION MUST CHANGE TOO.

⚙️ Degrees Alone Are No Longer Enough.

Today's employers seek graduates who can **perform from Day One**—professionals equipped with practical skills, digital competencies, communication abilities, and real-world industry exposure.

India is therefore witnessing a significant shift from **knowledge-based education** to **competency-based learning**, where employability is the true measure of educational success.

⚙️ By the Numbers

🎓 **56.35%**

Graduate Employability in India
(India Skills Report 2026)

📜 **12 Million**

Young Indians enter the
workforce every year

🌟 Employers consistently prioritise

Practical Skills

Communication

Problem Solving

Digital Literacy

Industry Experience

Critical Thinking

Callout: The future belongs not to those who simply earn degrees—but to those who graduate with skills.

INDIA IS INVESTING IN SKILLS

Skill Development is a National Priority

The Government of India has placed employability at the centre of higher education through the **National Education Policy (NEP) 2020**, the **Skill India Mission**, and the **National Skills Qualification Framework (NSQF)**.

Government Commitment

 **₹9,885.8 Cr**

Budget Allocation to the Ministry of Skill Development & Entrepreneurship (FY 2026–27)

 **₹6,140.5 Cr**

PM-SETU for modernising Industrial Training Institutes

 **₹2,800 Cr**

Skill India Programme

 **6.42 Cr+**

Individuals trained under Government skill initiatives

 **15,500+**

Training institutions implementing PMKVY 4.0

 **102**

Future Skill Job Roles introduced under PMKVY 4.0

NEP 2020 Vision

- ✓ Experiential Learning
- ✓ Flexible Learning Pathways
- ✓ Industry Integration
- ✓ Multiple Entry & Exit
- ✓ Vocational Education
- ✓ Employment-Oriented Education

B.Voc. programmes are a direct outcome of India's vision for future-ready higher education.

WHY B.Voc.?

The Degree Designed for Employability

Unlike conventional degrees that primarily focus on theory, the **Bachelor of Vocation (B.Voc.)** integrates academic knowledge with practical training, industry exposure, internships, and professional skill development.

Recognised by the **University Grants Commission (UGC)** under the **National Skills Qualification Framework (NSQF)**, the programme prepares students to transition seamlessly from classroom to workplace.

WHY HEALTHCARE?

India's Fastest Growing Service Industry

Industry Snapshot

\$ 638 Billion

Projected Healthcare Industry

\$ 193.6 Billion

Hospital Industry by 2032

6.3 Million+
